

# FEBRUARY STAR NEWS

Mar. 2022

**The hills are alive with the  
sound of STAR CLASS!**

Dear Parents,

This year has been amazing and full of fun, excitement and powerful experiences. The students are amazing in STAR and they have such spirits and talents. I am often amazed at how great they do and all the wonderful things they are able to accomplish in a given year!

This year we did *The Sound of Music* for Happyokai and had so much fun singing, acting and having great drama spirit! It has been a pleasure and an honor being the English teacher for STAR class. I hope your children can go on to achieve success, find their dreams and grow into lovely adults. I have no doubt they will exceed expectations and become all that they can be in the future.

Thank you for allowing me to be their teacher this year! I will treasure the being the last homeroom teacher for this STAR class forever.

-Mr. Joshua
