Having Fun

Three-year-old children love hearing stories read aloud. LittleSEED stories are in Big Books. These books have colorful pictures and enlarged text, so all the children can see the book. The books are full of engaging characters and exciting events. In the LittleSEED lessons, the teacher reads the story with an expressive voice that fits the personality of the Classroom Friends. As the children become familiar with the story, they are invited to join in. They do the motions and sound effects. Hearing the LittleSEED Big Books enriches their understanding of English and encourages the love of reading. In LittleSEED, story time is engaging, exciting, and fun.

Story: Ace the Space Alien

Do you know Ace the Space Alien?
I don't think so. Aliens are far away in space.
That's where Ace is.
Some aliens like to race.
Some aliens like to play.
When Ace wakes up, he only wants to bake.
Ace likes to bake up there in space.
May we go see Ace today?
He always makes great cakes!
I can't wait to taste those cakes when we go
into space.
I will wave as we fly away.
Oh, look! Today Ace made eight cakes!
Ace, may we please have some cake?
Thank you, Ace, for this great cake!

Have your child color
Ace and Fernando
if they want.

Story: Fernando the Flying Fish

Follow the flying fish family!
Fernando is the father. He has four fish
girls and five fish boys.
They swim fast through the water. Faster
and faster they swim. . . then FFFFTT!
They jump from the water and FLY!
F-f-f! They fly fast—f-f-f— through the air!
Then they start to fall. F—f—FLOP!
When the flying fish fall into the water,
they laugh and laugh!
Their friends think they are funny!
Birds say that fish fly funny.
Fish say that birds swim funny.
Fernando says, "If you want to have fun,
follow us!"
Fantastic!
